I hope you all had a good break and that the tamariki are back ready to learn. The Measles outbreak continues to be a concern. We have had one confirmed case, but because of the holidays we have not had to restrict access to school. There is still a possibility that this will happen. You can help by making sure that we have copies of your children's immunization records as soon as possible if you have not done so already. If you are unsure please ask Kim, at the office.

1.30pm Saturday is the opening of the Good News Community Centre at St Marks. The school has been supportive of this project from the start and it is so great to see it completed. What a great facility this will be for the Crawshaw community.

really exciting after school programme that uses music (violin and cello at first) as a way of developing life skills and building community. Approx 16 of our next years Year 2s will be the lucky ones to have the opportunity to take part from about this time next year. Each year more year 2s will be able to take part. It is a no cost programme to the participants and we are now working at securing funding for it.
