

"We are here to learn"

11 December 2020

Kia ora whaanau,

Greetings and salutations on my final day here for 2020.

Yesterday I witnessed our staff and students collaboratively work together to move resources and equipment to other areas in preparation for 2021. The main reasons for the move include the renovations of one whole block into a modern learning environment, the shifting of classroom resources nearer to each division and the imminent arrival of 5 brand new modular classrooms in the second half of next year.

We are very lucky the sun was shining and it was a warm day and that adds to the many smiles on the faces of everyone.

Today I accompany my whanau for the graduation of my daughter from the University of Waikato. The event was postponed because of the covid lockdown, however that is forgotten as my wider whanau come together to celebrate the importance of a higher education.

I am really looking forward to celebrating the strong work ethic my daughter required to meet her academic, cultural and sporting achievements that included representing our country in beach volleyball.

I am in the education sector to heavily encourage and make this opportunity that I will be enjoying today, a goal for families in Crawshaw and Nawton.

So from me, meri kirihimete. Have a safe and happy new year.

Robert Clarke
